THE WAY IT WAS DONE.

A convention met on Wednesday last, at our dear old county seat, where Thrasher Combs the chairman, insured victory complete.

The assemblage was of one accord, and votes they did convey. On John R. Hobbs, the candidate, and proved it on that day.

No dark horses did they need. To enter in that hall, we knew that Hobbs would win the race. 'Twas written on the wall.

And now the county's happy, Sam Wheeler won the day, the cliques and rings are mystified, and haven't a word to say.

BREATHITT BREEZES.

Borrowed From the Hustler of Last Week.

Wm. Day, one of Frozen's most worthy citizens, was here Monday on business.

Dr. J. M. Kash and wife returned today from a three weeks' visit to their daughter in Winchester, Mrs. Floyd Day.

John S. Rittenhouse, of Wolfe county, came into the Hustler office recently and heard the music from our Columbia Graphophone, and he was never satisfied until he had one placed in his beautiful home. He now treats his family and friends to singing and instrumental music from the world's best talent.

In the Circuit Court at Beattyville Monday Judge Riddell appointed James K. Roberts to act as Commonwealth's Attorney to serve until November, 1905, the office of which Mr. Roberts himself was the incumbent, having been declared vacant by Judge Smith Hayes, before whom the trial of the contest which came up over the office was had. Gov. Beckham declared that he did not have the power to fill the vacancy by appointment, and therefore the matter was turned back to Judge Riddell.

Among the numerous visitors to Jackson the past week was the Superintendent of Hon. A. H. Hargis' bluegrass farm in Clark county, Mr. Queen Chapman, who is a pristine resident of Breathitt county, and ranks among the wits of this region. He is always ready at repartee and rejoinders, and woe be unto the man who essays to measure lances with him, for he will go down in ignominious defeat and chagrin. Mr. Chapman enjoys life in the "bluegrass," and does not hanker for the scenes of mountain wild wood and gray cliffs.

Instructed for Blanton.

Pursuant to a call of the Democratic Committee of this Senatorial District the Democrats of this county met at the courthouse Tuesday to select delegates to the convention which meets at Caney on the 9th of this month to nominate a candidate from this district to be voted for at the general election to be held in November, 1905. The convention was harmonious, and instructed the delegates selected to vote in the convention for W. H. Blanton for Senator.

Committee Meet and Elect Chairman.

At a meeting of the Democratic committee of the twelve precincts of Breathitt county, Monday, called for the purpose of electing a chairman to serve for the ensuing year, Ed Callahan was again elected chairman. The election was unanimous in the selection of Mr. Callahan, and amounts to the party's unqualified endorsement of his executive ability and services for the party. The committee's action meets the approval of the Democratic party of the county.

Shot in the Head.

"Dock" McIntosh was shot and seriously wounded last Monday on Riley, near Clay Hole, in this county, by Henry Combs. A shot gun was the weapon used, and the entire charge of small shot struck McIntosh in the head, inflicting a very serious wound, though it is

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves. Dr. Miles' Restorative Nerve is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nerve and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nerve seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nerve, and I am entirely well."

ROSA E. WEAVER, Stuart, Ia.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

not thought to be fatal. Thomas Combs is also implicated in the affair, and both Tom and Henry Combs were arrested Wednesday by Deputy Sheriff S. H. McIntosh, who brought them to this place and turned them over to the authorities to stand trial for the shooting.

Accident Results In Death.

A sad accident at Robbins on Monday last resulted in the death of Tom Hounshell on the following Tuesday. Young Hounshell was the son of Henry Hounshell, of the Quicksand country, and had been employed to cut timber for the Kentucky Lumber and Veneer Co. He went to work for the company early Monday morning, never dreaming of the fate that awaited him. A large tree he was cutting on began to fall, and thinking he was about to be caught under it, he ran from the spot where he thought it would fall, but mistook his calculations, and the tree fell on him, breaking both thighs, his right arm, and injuring him internally. He was taken to his home, where he lingered until death relieved him Tuesday night. He leaves a wife and two children.

ONE FULL QUART OF
WHISKEY FREE

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Mail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here wouldn't adulterate if they knew how—they are too honest. Most whiskey sellers are noted for mixing, blending and watering. We sell more genuine old whiskey and less water than any known competition. "Casper's 11 Year Old" Whiskey is a Liquid Jolt. It's made by honest people in the mountains of North Carolina, in old-style copper stills, just as it was made by our grandfathers. First-rate whiskey is sold at \$2.00 to \$2.50 per gallon, but it's not any better than "Casper's 11 Year Old." It must please or we will buy it back. We have a capital of \$500,000, and this city will tell you our word is good. To introduce this old, honest whiskey, we offer four Full Quarts of "Casper's 11 Year Old"—two sample bottles, one 11 year old—a cork screw and a drinking glass—all for \$2.95. If \$2.95 is sent we will double the above and put in free One Full Quart Extra. We have some of this whiskey only 7 years old, and will send five cents of it and give free corkscrews, drinking glasses and samples, making this whiskey cost less than \$2.50 per gallon delivered. We ship in plain boxes with no marks to mislead contents, and we ship all Express. Buyers West of Texas, Kansas, Nebraska and Dakota must add 50 cents per quart extra.

STATE COLLEGE OF KENTUCKY, Lexington, - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

The Official Vote of Kentucky.

Official returns, completed in the office of Secretary of State last Monday, show that the electors of all political parties on the ballot in the November election received 435,565 votes, the total number of voters who participated in the election. Of this total vote the first Democratic elector received 217,170, and the first Republican elector received 205,277, a majority for the Democrats of 11,893 over the Republicans. The Prohibitionists came next in the number of votes received, their first elector receiving 6,000 votes. The People's party followed with 2,511 votes in the State, while the Socialists received 3,602 votes. The first elector on the Social-Labor ticket received 596 votes. The returns were completed by the filing of the returns from Harrison county, as ordered by court, in the Ninth Congressional district race. In that county Kehoe received 2,670 votes and Bennett 1,520. The total returns from the district show that Kehoe received 21,291 votes and Bennett 21,355 votes, giving the Republican candidate the certificate of election by 44 votes majority.

The largest Democratic and Republican vote polled in a single county was, of course, in Jefferson. The smallest Democratic vote was in Leslie, where the Democrats received 71 votes. The smallest Republican vote was in Gallatin, where they received 34 votes.

Judge Cooper Stricken With Paralysis.

Mr. STERLING, Ky., Dec. 5.—Judge John E. Cooper, former Circuit Judge in this district, was stricken with paralysis at West Liberty last night and is in a critical condition. He had been in ill health for months, but against the advice of his family went there to assist in some murder trials. Dr. W. T. Willis went to his bedside today, all the members of his family being unable to make the trip. Since the stroke, Judge Cooper has been speechless, and it is not believed that he can recover.

Primary in Morgan.

On last Saturday the Democratic primary to select candidates to be voted for at the November election of 1905, came off, and there were some pretty close contests; in fact so close that at this writing it is reported there will be several contests. We are unable to give the correct majorities of the candidates at this time, and will only give the names of the lucky ones as we have received them: County Judge, Alex. Whitaker; Sheriff, M. W. Pieratt; County Clerk, E. P. Pieratt; County Attorney, J. P. Haney; Superintendent of Schools, Miss Nannie E. Fields; Assessor, Rebel Bill Lewis; Jailor, J. A. Henry; Surveyor, Moses P. Turner; Coroner, South Stamper.

Our Strength.

The representation of the various counties in conventions, State and district, for the next four years will be based upon the vote cast at the late election. The number of delegates allowed each county is one for each two hundred and for a fraction over one hundred. On this basis the number of votes for each Congressional district is as follows: Breathitt, 8; Clark, 12; Elliott, 6; Estill, 4; Floyd, 8; Johnson, 4; Knott, 5; Lee, 3; Magoffin, 5; Martin, 1; Menefee, 4; Montgomery, 7; Morgan, 9; Pike, 10; Powell, 4; Wolfe, 6, a total of 96. It will thus be seen that Clark county has one-eighth of the whole vote if the district is as strong as the average of two counties.

In the Republican councils Clark will not occupy so commanding a position, having been overshadowed by both Johnson and Pike. One hundred votes is the basis for Republican representation and the district will have a total of 178 votes in convention, divided as follows: Breathitt, 8; Clark, 17; Elliott, 6; Estill, 13; Floyd, 12; Johnson, 19; Knott, 5; Lee, 9; Magoffin, 14; Martin, 9; Menefee, 4; Montgomery, 13; Morgan, 11; Pike, 25; Powell, 6; Wolfe, 7.

A jealous Rochester, Ind., man on Tuesday killed his wife, a man whom he accused of stealing her affections, and himself.

Col. S. E. Wilson, Ed. H. Loman, and J. E. Salmon were at the Day House last night and left this morning for West Liberty to attend court.

The Court of Appeals reversed the decision of the Scott Circuit Court in the Caleb Powers case, sentenced to death for conspiring to assassinate Gov. Goebel, and sent it back again for trial. This is the third time the case has been reversed.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney—poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Robert B. Day, who came home in bad health from Colorado Springs the last of July, is still in very feeble health.

Miss Arta Dye, who was last week reported as suffering from tonsillitis, has recovered sufficiently to attend school.

W. W. Quicksell went to West Liberty last Saturday to see what he could learn about the primary, and returned home Sunday.

The base ball season for 1904 has closed, the Presidential election and county primaries are over, but the familiar college yell lingers with us still.

A GUANTEED CURE FOR PILES.
Hebting, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter how long standing, from 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it, send 50c. in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Uncle Pres Trimble still continues poorly at this writing, but his many friends hope that he will be restored to good health in a short time.

Dame rumor has it that there are two weddings to take place in the Consolation neighborhood very soon. Full particulars will be given later on.

Charley Sublett, in the employ of the Standard Oil Company, was in town last Saturday paying off some of the debts incurred by the laying of the pipe line.

Two men arrived in town late Saturday evening with a wagon load of dynamite, and for fear of an explosion of some kind they left it on the river bank while they took lodging at the hotel.

Charley Rose bought one day last week seven yearling steers from A. J. Scott, of Daysboro; also two from Newt. Maloney. He also bought from other parties ten stacks of timothy hay.

The latest news from Washington is to the effect that the guessing contests in the different papers throughout the country must cease, as they will not be allowed to do business through the mails, being classed by Uncle Sam as lotteries. This will be sad news to Sam Wilson and several Johns in this community who have spent many sleepless nights in anticipation of a visionary capital prize that never came.

Sanford Day, wife and daughter, of near Caney, came over last week in search of wraps for the winter, and found them at Mrs. F. N. Day's, who keeps on hand a nice lot of wraps and ready-made skirts.

Aunt Lucinda Oakley was in to see THE HERALD family one day last week and brought us a half bushel of very fine potato onions. The old lady says the paper is a great comfort to her in her lonely condition, and she could not well get along without it as a companion.

Our young friend, Jim Day, formerly of Hazel Green, but now of Midland, Texas, has been doing some good shooting lately. He attended a big shoot at El Paso, Texas, and among about thirty of the best shots in that country he knocked out 601 out of 645, giving him about 93 per cent.

With depositors in nearly every State in the Union, the Provident Savings Bank and Trust Company, of Cincinnati, Ohio, is amply equipped to give out-of-town customers the same accommodations as city folks get. Send for their booklet, "Banking by Mail." Sent free on application.

Wiley Coldiron, who has been in the West Liberty jail for the past three months charged with using indecent language toward some ladies, was released from jail last Thursday, the Grand Jury bringing no indictment against him.

Gas was turned on in THE HERALD home the latter part of last week, and under the circumstances it comes up to all expectations both as to fuel and light. When the regulator arrives and is put in working order, which will be in a few days, we can then join all others who have used it in saying that "We would not do without it."

Miss Nannie Fields, at one time a valued correspondent of THE HERALD at Ezel, was on last Saturday nominated in the Morgan County Democratic primary for the office of Superintendent of Schools by the handsome majority of 500 votes. Her many friends in Wolfe will be delighted to hear of her success, for she is not only qualified, but is deserving of the position to which she aspires.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.
Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

John H. Evans and wife, of this place, will leave today week for a month's visit to their daughters—Mrs. Lillie Cecil, and Misses Mattie and Lula Evans—at Cedar Bluff, Va. That they will have a most delightful time goes without saying. At least such is the well wishes of THE HERALD.

The editor of this paper went to Lexington on Monday to visit old friends and acquaintances, and also to meet his brother, Valentine Cooper, of Montana, who he has not seen in 24 years. Mr. Cooper has been in the employ of one of the large railroad concerns of the West in an official capacity for a number of years, and came on to Lexington to meet his brother before going to New Orleans.

Our friend, Ben Murphy, should feel highly elated, and not discouraged, over the result of his race for Assessor of Morgan county in the primary held last Saturday. Being a comparative stranger in some of the precincts of the county, and being his first appearance in the political arena, his opponent only beat him to the winning post by the narrow margin of 78 votes. Be brave, Ben, for four years hence we predict that the man who can beat you for the office of Assessor of your county will surely think that he has been to an election. And this is no joke, either.

Mrs. Mary Scott and Mrs. Garland Bullock, of Lexington, arrived here yesterday to look after the wants of the new dormitory and to inspect the buildings of the college in general, and will also take notes of what is needed in the way of furnishings, furniture, etc., for the new buildings. When completed and furnished the new dormitory will be a building what is a building, and one which the citizens of Hazel Green should feel very proud of. Thanks to such good ladies as these, whose visits are ever welcome.

Fire Tuesday Morning.

Fire broke out Tuesday morning at the residence of John M. Rose, of this place, and had it not been for the timely arrival of some member of the family, it might have been a very disastrous conflagration. The fire started in the second story of the building above a mantle-piece, and it seems that during the summer months, when fire was not needed, the English sparrows had deposited a lot of dry rubbish and particles of hay through a small opening from the outside, which became ignited from the heat of the grate and caused the trouble. As soon as the alarm was sounded everybody in the immediate neighborhood responded, and in a short time the flames were under control. The damage to the building and furniture by fire and water will amount to about \$200, which is fully covered by insurance.

After Many Years.

A case was decided in the Court of Appeals which settles litigation of long standing. It was Chenault, etc., vs. The Kentucky Timber and Lumber Co. This company is composed principally of Scobee & Son, of this city. The property has been in litigation in some form or another since 1857, but it was bought by the local firm in 1889. The Chenault people continued cutting timber on this land and the Lumber and Timber firm enjoined them, Judge Redwine issuing the injunction. The Chenaults continued cutting timber in spite of the injunction, and Judge Redwine adjudged them guilty of contempt of court. Chenault then enjoined the Timber and Lumber Co. from using the land, claiming title to it. The case came for trial on its merits before Judge Redwine in the Wolfe Circuit Court. Chenault tried to swear Redwine off the bench, but he refused to vacate. Finally by agreement it was sent before Judge Benton in the Powell Circuit Court. Judge Benton heard it here at a later date, and on Thanksgiving Day, 1902, he decided in favor of Scobee & Co. Chenault appealed to the higher court, and this week the Court of Appeals affirmed the decision of Judge Benton.—Winchester Democrat.

Mayor Combs, of Lexington, was again appealed to to adjudicate disputes in Franklin, and the hearing of them was to have taken place in Lexington Wednesday.

HEALTH

"I don't think we could have done without Theodor's Black-Draught. We have used it in the family for over two years with the best of results. I have not had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakens kidneys.

No Doctor

is necessary in the home where Theodor's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Theodor's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

THEODOR'S BLACK-DRAUGHT

LEE CITY LOCALS.

A. M. Nickell is able to resume his work again.

R. A. Dunn left here last Sunday for Campton.

T. C. Johnson, of Tallega, was here on business Friday.

The farmers are through gathering corn in this section.

Lon Graham swapped cows with J. W. Dyer one day last week.

K. K. Spencer preached at the church house last Sunday night.

James Rose, who has been at Berea for several weeks going to school, returned last week.

There was a large crowd in town Saturday. Our merchants consequently had a good trade.

D. C. Miller has took in his father-in-law as a partner. The firm is now styled Miller & Cecil. Mr. Cecil lives in Wolfe county, and is a well-to-do farmer. He was here Saturday on business.

James H. Dunn was here Saturday and Sunday. He started Monday morning to his school, which is about four miles above here. The trustees and patrons of his district say that he is teaching them a first-class school.

Floyd Arnett, who had him a store house built a few months ago, has at last decided to buy something to go in it. He says that he has bought a nice line of shoes. Mr. Arnett is no longer a deputy sheriff, but a merchant.

J. B. Little's store, which has been locked up for two weeks or longer, was opened last Thursday by our deputy sheriff, R. A. Dunn, and a Mr. Plesner, from Jackson. Asa Rose, J. T. Graham, and Mr. Little's clerk were appointed to appraise the goods. There was \$1,450 worth appraised and removed to the J. E. Morris property. These goods will remain there until an order from court can be got to sell them. The goods removed were to satisfy the claims of Clarence Pratt and the Ohio Valley Tie Co. There is thought to be \$800 worth of merchandise remaining in the store yet, and other attachments are expected at any moment. Mr. Little has been gone for a week to unknown parts.

Dec. 5. RED JACKET.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c., and that is returned if it don't give perfect satisfaction. Guaranteed by all druggists.

The Wolfe County Oil Field.

Since the Standard Oil Company has completed the laying of its pipe line to Campton the oil business in that territory is being pressed at a rapid rate. In the last few weeks there has been a number of good producers drilled in. The last well drilled is on Judge J. C. Lykins' farm. It is said to be the best well in that field, the flow of oil being so strong that the oil cannot be bailed low enough to permit it being shot. It is claimed that this well will produce about three hundred barrels of oil per day.—Winchester Democrat.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache or Bowel troubles. They are gentle, yet thorough. 25c., at all druggists.

Finest in the World.

A few years back it was scarcely known that Kentucky possessed any fire clay, yet today she is furnishing the markets with the best products in that line of any country in the world. Carter county clay is conceded by all manufacturers to be the very best yet discovered. Eastern Kentucky was so backward in the way of modern facilities of all kinds that until the fire clay interest brought it to the front it was comparatively unknown in the mercantile world. Today more than \$1,000,000 is invested in this once barren waste, and yet it is hardly begun.—Winchester Democrat.

Fight Will Be Bitter.

Those who will persist in closing their ears against the continental recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. H. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvements came at once, and four bottles entirely cured her." Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

Negro Shot.

The quiet and serenity of the neighborhood envioning the bridge was disturbed Monday night about 7 o'clock by one Walter Jones, a young gentleman of color, who discharged one of the chambers of his pistol into the left arm of Tom Calmese, a son of Hense Calmese, a well-known colored philosopher and plenipotentiary extraordinary of that aristocratic precinct. From what is learned from the wounded man there was no difficulty whatever between the parties. Calmese said that "Jones jis pulled out his pistol and shot me, and I doan know what fur." Nothing more could be ascertained of the peculiar affair. Dr. Hogg dressed the wound, which is not serious. Jones, it is alleged, is a strange negro in "these parts," having made his debut in colored social circles here only a few weeks since, and hails from the "swell set" in the penitentiary at Frankfort, where he was compelled to take a course in "sack cloth and ashes" for some infraction of the law in an adjoining county. Jones' manners and record are not strictly appropriate for the drawing rooms or parlors of Jackson colored society, and therefore he was given the "dirty shake" by the swell set, and it is believed it was this apparent decree of the colored social circle that angered Jones and caused him to ruffle the feelings of one of its members by perforating his anatomy with a bullet. After his sudden fiasco he shook the dust of the city from his feet as a testimony against it forever, and departed, and it is not thought he will again be seen in Jackson.—Jackson Hustler.
